Manufacturer Provided Description

A large cockpit with plenty of seating makes the Carver 28 Riviera ideal for open-air cruising and entertaining. Its cockpit features a custom dry-bar, raised seating for 360-degree visibility, and a cruising dinette that easily converts to a double berth. For extended cruises, the Riviera features the luxury of two private staterooms. The stateroom aft offers both a single and a double berth with a convenient vanity, as well as a hanging locker and ample storage space. The 28's main cabin features a spacious U-shaped dinette lounge that converts to a large double berth. There's a fully equipped galley with a stainless steel sink, a stove with an oven, a refrigerator, and ample counter and storage space. The head compartment includes a large vanity and a hot shower. The electronics arch is standard, and so is the comfortable six-foot sunlounge on the aft deck.
